## Charles Bridge Mansion

Our accommodation is situated in an historic building just steps off one of Prague's most famous and picturesque landmarks, the Charles Bridge. We are perfectly situated for any visit to Prague be it for business or pleasure. Quite simply you will not find better quality, at a better location, for a better price, anywhere!

Our Seven rooms are all beautifully appointed and all are en suite. All can be laid out as King size bed or two singles. Some rooms have unique features such as stained glass windows, a terrace or ancient roof beams.

We have our own transfer service from Prague airport or any railway station to our residence for very good price. Return transfers are of course possible too.

We also have our own exchange office where we offer the best "no rip off" rates in the City. We are also the preferred accommodation for Prague Golf Tours.com, Prague's Premier Golf Tour operator.

Please look through our site for more details.  
 You can also make a reservation online.

We look forward to welcoming you soon.
